www.utilitra.com

Utilitra is a woman-owned provider of design, construction, and technology solutions, delivering trusted expertise across the full spectrum of infrastructure. With a diverse team of skilled professionals, we support our clients from the ground to the cloud — offering everything from underground construction and engineering to advanced technology, security, and IT services.

Whether solving a specific challenge or delivering turnkey solutions, Utilitra adapts to the unique needs of every project. Our integrated approach ensures that clients — from utilities to enterprises — receive responsive, scalable support at every level.

CORE COMPETENCIES

Design

- Natural Gas, Electric & Fiber Optic Design
- Underground Engineering
- Construction Support
- GIS/Mapping
- Underground Infrastructure Inspections
- Procurement
- Project Management
- Utility Coordination
- Estimating & Field Design

Construction

- Gas Pipeline Construction
- Hydro Excavation
- SWPPP
- ROW Access (Matting & Stone)

Technology

- Managed IT Services
- Security & Surveillance
- Customized Technology Solutions
- Meter Services

DIFFERENTIATORS

Certified Woman-Owned

Certified PMPs on Staff

FAA Certified Pilots for UAS/Drones

Turnkey solutions with diverse range of services

Innovative GIS/GPS mapping technology

On-Site OQ & Safety Training

Skilled International Union of Operating Engineers, Pipefitters, Laborers

Customizable Work Order Management System

Custom-built mobile security systems

Gold Level Axis Camera partner

Genetec Unified Elite Partner

Hanwha Partner
